

LIFE IN LOCKDOWN

Lockdown caused by Chinese flu

Isolation, 10 days through

Furloughed workers superspread

Every country green amber red

It's six feet apart or the pearly gates

No more kissing, missing mates

Lifesaving vaccine syringes

Overindulgent Netflix binges

Coronavirus fills the headlines

Kilos added to our waistlines

Dominic's trip to Barnards Castle

Outdone by Delta variant hassle

Whitty's predictions sadly confirm

Normality may never fully return
