

# **Cradley Village Hall**

21st Century facilities in 16th Century surroundings

## **QUESTIONNAIRE**

Most villagers will know and probably have visited Cradley Village Hall. The impressive 16<sup>th</sup> Century listed building plays host to many community activities, music events and social and heritage activities, as well as providing a venue for local group meetings and of course the Post Office facility.

What you may not be aware of are the economics associated with maintaining this valuable community asset. Running costs are significant and, apart from a valued contribution from the Parish Council (equivalent to the annual insurance costs), have to be covered by fundraising activities.

Arrangements for fundraising fall upon Cradley Village Hall Management Committee who wish to ensure that the hall is utilised by as many groups and individuals as possible. With that in mind we would like to hear the views of the community and hopefully improve the range and number of events held. It is only by continuing to generate funds that we can secure the future of the village hall.

With that in mind the attached questionnaire has been produced to ask for your views and suggestions.

Please help by responding by the end of April
